

WELCOME

The Illinois Valley Cultural Heritage Association WELCOMES you to Greene County. While you are here please be sure to see our other area attractions.

QUILTED is a program developed by the Illinois Valley Cultural Heritage Association (IVCHA) and its volunteers to encourage the development and promotion of large colorful quilt blocks placed on historical farm buildings and unique business/community buildings.

The three year migration of the Quilted Trail plan started in 2009 and follows this path:

- ◆ 2009 Project Porthole trail, recognition of the over 40 porthole barns of Greene county.
- ◆ 2010 Jugs Trail, a celebration of the stoneware industry of Greene County.
- ◆ 2011 LANDMARKS! Trail, a trail of historic/iconic Greene County Buildings.

The quilts can be seen around the county any time of year. The quilted celebration is held annually in conjunction with Greene County Days, the weekend after labor day.
