The Skyline Council

As the young professionals and emerging leaders committee of Landmarks Illinois, Skyline Council engages individuals interested in preservation, the built environment and sustaining healthy communities. Landmarks Illinois (LI) is a membership-based non-profit organization promoting preservation, restoration, and adaptive reuse of buildings and sites of many types in order to leverage our past to create a better future. LI knows that blending old and new makes communities resilient and interesting places to live, work and play. **We're people saving places. For people.**

The Mixer

In its 4th year, the mixer is designed to convene young and young-minded professionals and membership organizations for an evening of networking and social engagement. The mixer is a great opportunity for YP's to meet new people and for attendees to share information about the organizations they support.
